Product specifications

PERGO® end profile for commercial use

- Pergo Vinyl end profile commercial use
- Aluminium, silver tone
- Contents 1 PC: 1 pre-drilled aluminium end profile, screws (stainless steel 3,5x35 mm) and plugs (5x25 mm).
- Order quantity: per 1 PC in shrink-wrapping.

Product description

- Subtle and elegant profile for use in commercial areas. Use the profile to cover the expansion joint between your vinyl floor and e.g. a wall, window or threshold, or as a connection to a carpet.
- Can be used with both **clicked** and **glued** vinyl floors.
- Extra wear-resistant quality aluminium, silver tone.
- Installation with the supplied screws and plugs (installation without sub-profile). **Tip:** avoid fixing the floor too firmly between the end profile and the subfloor. Make sure you can still slide a piece of paper between the profile and the vinyl floor.
